Mr. Valdez explained that Mr. Keney had previously sent an email to the committee and the board had responded once before. Mr. Keney once again submitted a letter asking the same question regarding the responsibility of the engineer when administrative changes were made to plans.

Ms. Samora had previous discussions with Mr. Keney and states this had previously been looked at by the board.

After a short discussion it was decided that an engineer would be held responsible if they made changes to the plans or they should have the original engineer make the changes. A letter will be drafted and sent out as a response to Mr. Keney.
