Good morning Daniel Clayton,

The proposed language is already incorporated. I have attached the documents for your review.

If we are adding language the new language will be underlined. If we are taking out language the language will be in brackets and have a strike through.

Just an FYI there are not a lot of changes in 16.39.2, 16.39.3 16.39.5 and 16.39.8. Each document has about 3-4 changes. 16.39.6 has the majority of the changes.

Sincerely,

Isaac Maes
