Good afternoon Deborah,

The proposed language is already incorporated. I have attached the documents for your review.

If we are adding language the new language will be underlined. If we are taking out language the language will be in brackets and have a strike through.

Just an FYI there are not a lot of changes in 16.39.2, 16.39.3 16.39.5 and 16.39.8. Each document has about 3-4 changes. 16.39.6 has the majority of the changes.

Sincerely,

Isaac Maes
Executive Assistant
NM Board of Licensure for Professional Engineers & Professional Surveyors

Subject: [EXTERNAL] Request for Proposed Rule Changes

CAUTION: This email originated outside of our organization. Exercise caution prior to clicking on links or opening attachments.

Good morning, Isaac-

Is it possible to obtain a draft version of the proposed rule changes that shows a mark-up of the existing rule set, with the new proposed rules either (a) inserted as a comment shown in red or (b) highlighted in yellow to clearly indicate the language being changed?

This could easily be done in Word, and would make it much easier for stakeholders to review the proposed changes.

Thank you,
Deb Pierson
