Good afternoon,

The proposed changes are located on our website but I also have attached them in the email. Please note the changes will be as follows:

If we are adding language the new language will be underlined. If we are taking out language the language will be in brackets and have a strike through.

The majority of the changes are in 16.39.6, all the other rules only have a few changes.

Within the Notice there is a summary of what is changing as well.

Please let me know if that helps.

*Sincerely,*
